An anti-backspin ratchet is employed to prevent the cap from being closed incompletely or loosened when the container is kept in a refrigerator.

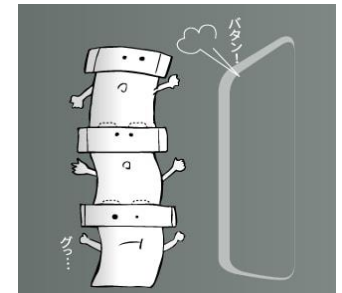

Easy-to-hold inner lid

Surface with emboss processing, which is writable with oil-based pens. You can use label stickers.

You can stir the container with ingredients in a mixing machine. For required attachments, contact the manufacturer of your machine.

Even when you pile up Hi-Block containers, they will not topple due to the impact of closing the refrigerator door strongly.
